Ernst & Young

External and Internal Auditor
США, Сан-Франциско и район залива

Обязанности и достижения

ASSURANCE Executed all phases of annual financial statement audits and quarterly review engagements, including planning and review of audit strategies, walkthroughs, test of controls, substantive procedures, and documentation of audit evidence. • Extensive experience in complex areas of accounting including but not limited to software revenue recognition (SOP 97-2), stock based compensation (FAS 123R), fair value measurements (FAS 157), lease accounting (FAS 13) and costing and inventory valuation. • Performed G/L account reconciliations, rollforwards, review and testing of journal entries, review of month-end close process, footnotes and disclosures. • Thorough understanding of SEC reporting requirements. • Assumed additional responsibilities and directed, trained, and supervised new staff and interns in technical matters. Mentored new hires and interns. Designated recruiting champion. • Identified and corrected prior audit errors and inconsistencies in client documentation and workpapers eliminating the need for future rework and adjustments ADVISORY Executed all phases of internal audit and SOX 404 engagements, including risk assessments, evaluating internal controls, walkthroughs, test of controls and documentation of audit evidence and deficiencies. Performed royalty compliance reviews of the software licensees. • Suggested and redesigned test of controls procedures which resulted in improved efficiency. • Effectively monitored engagement economics to prevent budget vs. actuals variances. • Conducted market research of a major client and compiled training guide for the incoming team members. Research also furthered business development and resulted in accepted proposal for additional services provided to the client. • Streamlined Order to Cash (OTC) process ahead of schedule ensuring timely launch of the new CRM/Billing system. Resulted in elimination of transactional backlog and significant increase in revenue assurance and collection
